Dear Your Honor,

I am president of GearMX, Inc. We are a full service multimedia company specializing in video production and website development services. I met Mr. Waranoski through a mutual friend approximately 5 years ago. He has traveled with me, helping the logistics, on a few video production jobs in the past. I have always known him to be courteous and generous, including having a very diligent work ethic. Overall, I've always felt a sense of unselfish positive energy and respect with his attitude towards people.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael B. Ryan". The signature is fluid and cursive.
